

## Raymarine® E Series System Packs

The E Series System Packs includes:

**E Series Multifunction Display** (owners manual, quick reference guide, full-face suncover, trunnion mounting kit, flush mounting kit, NMEA input/output cable, power cable, SeaTalk/auxiliary alarm cable, SeaTalk hs network cable, and 4-channel composite video input cable.)

**Raystar 125 GPS Sensor** (Raystar 125, 10 meter (33') interconnect cable, pole mounting kit, flush mounting kit and instruction manual.)

**DSM300 HD Digital Sounder** 600 or 1000 watts output.(DSM30, installation manual, power cable.)

**Ray218 VHF Radio** (Ray218, microphone handset, owners manual, sun cover, trunnion bracket kit, microphone hanger, power cord and GPS/speaker cable.)

**RayTech Planner Software** on CD-ROM.

Multifunction Display Tutorial on CD-ROM

**SeaTalk hs network cables and coupler.**

To complete the installation of the DSM300 you will need to purchase a compatible in-hull, thru-hull or transom mount transducer (sold separately.)† The E Series System packs are also compatible with Raymarine radome and open-array radar scanners, and the SR100 SIRIUS Marine Weather receiver (also sold separately.)

ORDER NO.	DESCRIPTION	PRICE
RAY T62138	E80 System Pack	\$4700.00
RAY T62139	E120 System Pack	\$5995.00

## Raymarine®

### Fishfinder Modules, Transducers for C-Series and E-Series

Digital Sounder Module with HDFI (High Definition Fish Imaging) Technology. hsb2 and C-Series compatible "black box" fishfinder.

- Digital Sounder Module adds HDFI technology to Raymarine's Pathfinder Plus radars, Raycharts and echo sounders.
- Compatible with C-Series and E-Series Multifunction Navigation displays
- DSM 300 is 600 or 1000 watt capable
- DSM 30 is strictly 600 watt only

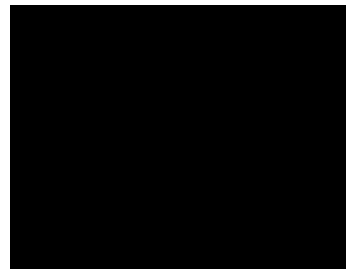

ORDER NO.	DESCRIPTION	PRICE
RAY E63069	DSM 300 Module	\$780.00
RAY A66092	B 744VL Bronze, "Long Stem" Transducer w/ block	\$525.00
RAY E66054	P66 Transom Mt. Transducer	\$145.00
RAY E43036	DSM 30 Module 600 watt	\$289.00
RAY A66091	B 744 Bronze Transducer w/ fairing block	\$375.00

## Raymarine® E-Series High Performance Multifunction Navigation Displays

Raymarine's most powerful navigation displays, E-Series combine chartplotter, fishfinder, radar, instrument data and on board video into a highly customizable and easy to use navigation network.

- High bright direct sunlight viewable color displays
- 256 color high resolution TFT displays
  - E80: 8.4" VGA 640x480
  - E120 12.1" SVGA 600x800
- Raymarine's new SeaTalk hs High Speed Networking
  - Instantly transfer radar, chartplotter, fishfinder and navigation functions between E-Series displays
  - Network displays in single, dual or multi station configurations
  - No hassle Plug and Play network
  - Optional SeaTalkhs auto sensing network switch for expansion beyond two network devices
- 4 Video inputs (composite or S-video) for viewing remote cameras or on board entertainment
- Video Output (VGA) port for connection to remote monitors or flat screens
- Enhanced graphics and speed using an on board graphics coprocessor
- On screen engine data monitoring (select engines only)
- SeaTalk, SeaTalk 2, NMEA0183, NMEA2000 compatibility

Chartplotter	Digital Fishfinder	Radar	Integration
Information rich Navionics charts on CompactFlash	Patented High Definition digital fishfinder technology	Radar/chart overlay	Dual or Multi-station operation with SeaTalkhs High Speed Networking
Ultra fast screen redraw thanks to an on board graphics coprocessor	Optional remotely mounted DSM300 Digital Sounder Module	MARPA (Mini Automatic Radar Plotting Aid) target tracking	Connect remote cameras or on board video entertainment sources
Connect an optional Raystar GPS sensor for Satellite Differential GPS accuracy	600 or 1000 watt high performance and ultra high performance transducer options	Radome or open array Pathfinder antenna options	Access engine instrument data
Relative, True and Auto-ranging Motion modes let you view your chart just as you like it...	Zoom into any portion of the water column for incredible detail	Place waypoints directly on the radar to provide visualization like never before	Display your navigation on the flat screen in your salon
