SRA 40 Sirius Satellite Antenna

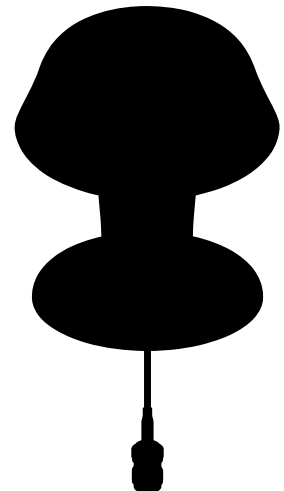

The SRA-40 receives and amplifies the satellite signal. At only 3.5" in diameter, it's ideal for smaller vessels. The low profile, white plastic housing mounts on surfaces up to 1" thick. Even the included 25' cable is designed especially for marine use. Connect to any Sirius Satellite Radio receiver and enjoy!

- Small! Low-profile, only 3-1/2" diameter by 1.36" high
- No ground plane needed
- 25-foot low-loss cable and connectors included
- White UV-stabilized ASA plastic housing
